

Position for

Outreach / Communications Intern (part-time, 20-30hrs/week, f/m/x)

Planblue is a diverse team of visionary entrepreneurs and engineers whose mission is to protect, explore and reveal the unknown 95% of our ocean by using cutting edge technology. We have developed our planblue technology which consists of AI backed software coupled with an underwater camera system and allows automated systematic monitoring of seafloors (e.g., coral reefs, lakes, oceanic shelves), providing geo-referenced maps. The maps can be used for various applications, for underwater constructions (e.g. off-shore wind), but also aid in reducing the ecologic and economic impact of e.g. climate change or plastic waste in the ocean.

Our team currently goes through an exciting time. For us, new ideas and thinking outside of the box are highly valuable, as they have led to our recent successes. We all have different fields of expertise and responsibilities, but still strongly believe in teamwork to reach our overall goals. Bremen, where we are located, is a hotspot for state-of-the-art underwater and space technologies, and offers a great lifestyle.

We are regularly looking for an **Outreach / Communications Interns** to join our team in Bremen. If the current situation allows, you can work inside our office space close to the university Bremen, but you can also work completely remotely if you prefer / if that should legally be necessary.

At the moment we can only offer this position to enrolled students who must complete a mandatory internship as part of their university curriculum with a duration of 3-6 months. The position is part-time, 20-30hrs/week, depending on your availability. Preferably you are situated in or close to Bremen, but remote work is also possible.

Dependent on your qualifications your responsibilities could include:

- Create sharable content for planblue's digital media efforts, including website, blog posts, and social media channels
- Prepare photography and other media for publication and maintain a digital media library
- Design brand graphics and develop documentation templates for streamlined internal and external communication
- Create and edit video content
- Assist the organization of (international) outreach events, such as webinars and technology demos

Minimum qualifications:

- You feel like you're up for the challenge and you have experience with executing some of the above-mentioned tasks.
- You are fluent in English with excellent English writing skills and have a knack for storytelling and writing engaging texts.

- You have experience in using Social Media, such as LinkedIn, Twitter, Instagram and Facebook.
- You have some experience with Adobe Photoshop, InDesign, Illustrator & Premiere, Keynote / Powerpoint.
- You like to design, think outside of the box and can adapt your communication to various audiences.
- You have a flexible mind, enjoy challenging the team and yourself, are not afraid to give and receive feedback and know how to prioritize.
- You have an affinity for the ocean.

Preferred qualifications:

- You have some media or communications background, either through your studies, work or volunteering experience.
- You are interested in or knowledge of environmental issues, such as climate change and marine (plastic) pollution.
- You speak excellent English and some German.

What we offer:

- Apply your communicative mindset to help our oceans
- Be part of an international entrepreneurial group of people who strive for diversity and love input from all team members
- Learn what it feels like to build a global company from the ground up
- A bright office between Unisee and Mensa with free coffee, drinks, organic fruits, a shower and music
- Flexible working and home office hours

Does this sound interesting to you?

We look forward to receiving your motivation letter, CV, some samples of your work and/or other information you might find relevant. Apply at <https://planblue.join.com/jobs/2909203-outreach-communications-intern-f-m-x>
